REORGANIZING SHATTEREDARMY

WITH THE FRENCH ARMY IN FRANCE, Aug. 6, morning, by The Associated Press.-The German crown prince is engaged in reconstituting his shattered divisions with the aid of the remainder of the 1919 recruits, in the opinion of General Mangin. Some of the German divisions had their company strength reduced to less than fifty men, some of the companies being still further depleted in numbers.

PARIS, Aug. 6.—The determined attacks which the Germans have been delivering against the Allied advanced guards north of the Vesle have failed to disturb the temporary stabilization of the Vesle front. The Allied command is re- bringing down one in flames, damagtaining the initiative in these operations.

PARIS, Aug. 6.—The French troops have reached the The fact, however, that the Zeppewest bank of the Avre between Braches and Morisel north of the presumption that these did reach Montdidier, says the official statement from the war office today.

PARIS, Aug. 6.—North of the Vesle the Germans have been repulsed in efforts to dislodge French and American units which crossed from the south bank. The official statement from the war office today also reports a French advance to the Avre, north of Montdidier.

LONDON, Aug. 6.-The German guns were active last night in the region north of Villers-Bretonneux, on the front northeast of Amiens, the war office announced today. They threw gas shells into the British lines.

PARIS, Aug. 6.—Much importance is attached to operament issued by the war office today shells into her. The boats then left question, however, is the one which tions between Braches and Marisel and Montdidier. These reads are pointed to as a direct menace to the junction point of the along the lower Piave there has been greater artillery activity. Our batteries blew up an army ammunition dump on the river.

tions Not to Upset War Industry.

WASHINGTON, Aug. 6—Broader provisions for exemptions have been written into the new manpower bill. now before congress, so that the nation's war industry fabric may not be upset by unduly large withdrawals of service.

Provost Marshal General Crowder, appearing today before the senate military committee, explained that he had deemed it advisable to make it possible to give a more liberal interpre-tation of the law and prevent the induction into the army of many men performing essential work at home and yet not actually in industrial occupa-

Austria Publicly Admits Entente Numbers Increasing and Victory on West Front.

Powerful Organizing Ability of America Added to Allies of Enormous Value.

WASHINGTON, Aug. 6-That manpower will be the determining factor in the war and that it is incontestable that the numerical superiority of the entente is increasing daily are two admission publicly made in Austria which have caused great despondency throughout the empire, according to advices reaching Washington today through official channels. The admis ions are made in the Arbeiter Zei tung of Vienna, which states that the French and allied victory on the west front has visibly produced a profound one of the enemy craft, a Zeppelin, impression among the people The paper states

"The assaults of the allies against our new front have in no way dimin-ished in intensity. That is a fact which gives one cause to think. With adversaries like the Russians, technical superiority of the Germans was such that the numerical superiority of the Russians was of no importance. On the west the situation is quite different. Do not let us forget that the French and the Anglo Saxons are side by side with the Ger mans the most civilized peoples in the world and that they are in a position to turn all modern technical inventions to their own profit. On the other hand, let us take into consideration the invincible spirit which animates the French soldier, the tradition of victory and glory, which only these

"This spirit of the French army uniarmies of the entente at the very least equal to that of Germany. One must, therefore, admit that in the west those factors which military and technical value represent do not henceforth play TOKIO. Saturday, Aug. 3.—Count any role. Those are advantages which Terauchi stated that the present step have become neutralized. It, thereany role. Those are advantages which fore, results in contradiction to what happened on the eastern front, that the decisive factor in this war will be man power. War, Now in Mexico.

WASHINGTON, Aug. 6 .- Activities of Germans, or German-Americans from the United States across the Lower California border where a wireless plant is located, are under invesligation by government agents.

Reports indicate that groups about a half hundred Germans, changing every week or ten days, have been found in Mexicali, just across the border from Calexico, Cal. The town is inhabited by a shifting population of Mexicans, Indians, Japanese, Chinese and women with few apparent means of making a living.

The Germans, who were never known to visit the town before the war, now congregate at a store started recently by a German known to have been active in propaganda work in the United States before the war and have used the wireless station which is capable of communicating with Mexico City.

LONDON, Aug. 6-In last night's raid on England by German airships was brought down, it was officially announced today.
